ADVANCED TECHNOLOGIES FOR cGMP CLEANROOMS

At SPS CleanTech, we provide solutions that help users design and maintain cleanroom environments that withstand the rigors of cGMP manufacturing, lower cost of ownership over time and exceed regulatory and safety standards. We have partnered with leading suppliers of cleanroom products and finishes to streamline the selection process and add value to every application.

WALL CLADDING

cPCV WALL CLADDING SYSTEM
WITH FM 4882 APPROVAL

- FM 4882 Approval includes FM 4880 + ASTM-E84
- The most robust, high density, non-porous cPVC cladding
- High-density, non-porous cladding
- Won't stain, rust, corrode, chip, flake and is resistant to solvents and aggressive cleaners
- Durable and highly resistant to impact
- Heat welded seams provides a liquid tight seal
- 22.0mm thick, 4' wide x 8' high panels

PVCu WALL CLADDING SYSTEM
WITH ASTM-E84 CLASS A RATING

- Non-porous, hygienic cladding
- Dent resistant and low maintenance costs
- Heat welded seams provides a liquid tight seal
- 2.5mm thick, 4' wide x 8' or 10' high panels

WALL PROTECTION

BUMPERS, CORNER GUARDS AND CRASH
RAILS TO PROTECT AGAINST DAMAGE

- Flush mount or offset with non-exposed fasteners
- Stainless steel, rubber or plastic in multitude of colors

ADVANCED TECHNOLOGIES FOR cGMP CLEANROOMS

DOOR INTERLOCKING SYSTEM

SAFE AND EFFICIENT DOOR ACCESS CONTROL

- Fully integrated and pre-programmed
- Compatible with any type door, pass through, access control devices and BMS systems
- Easy installation using “Plug & Play” Cat 5 cables with minimum components
- Field adjustable using DIP Switches
- Door Indicators, Pushbuttons and Emergency Override Switches

DOOR SYSTEMS

HIGH PERFORMANCE FRP CLEANROOM DOORS

- Smooth, seamless and easy to wash down
- Corrosion resistant — suitable for all cGMP cleaning regimes
- Impact resistant to dents and scratches
- ASTM and UL Approved fire rated door options
- Hinged, Sealed Sliding Doors, Glass Sliding Doors and Roll-up Doors

ADVANCED TECHNOLOGIES FOR cGMP CLEANROOMS

WINDOWS

DESIGNED TO cGMP STANDARDS

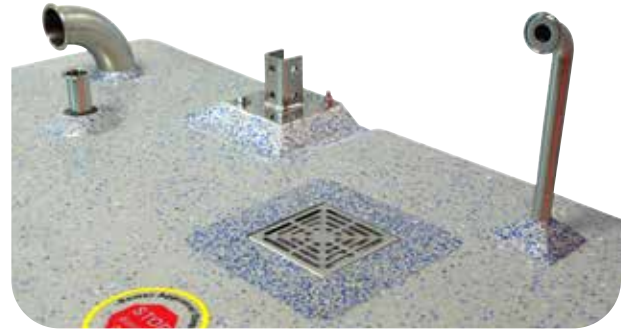

- Fully flush, ultra clean hygienic construction
- Single or double glazed using 6mm thick panes
- Stainless steel or FRP frames

HIGH PERFORMANCE SEAMLESS FLOORS, WALLS & CONTAINMENT SYSTEMS

ENGINEERED SURFACE PROTECTION FOR
CLEANROOMS

- Highly impact and thermal/chemically resistant
- Formulated specifically for the BioPharm industry
- Stands up to aggressive cGMP cleaning regimes

CONTAMINATION CONTROL

ACHIEVE THE BEST HYGIENE IN
cGMP ENVIRONMENTS

- Unique and highly effective cleaning system
- Mop and Trolley System - single use mops with hands free attachment/removal
- Premeasured solution - no waste or excess liquid left on surfaces
- Wipes - knitted and nonwovens available in a variety of sizes, materials and edges

FURNISHINGS

DESIGNED TO STAND UP TO
HARSH CLEANING REGIMES

- Gowning furniture, benches, tables, chairs, stools, cabinets, sinks and shelving
- Cleanroom equipment — tool and chemical carts, N2 desiccators and step ladders
- Cleanroom accessories — glove, glasses, booty and hair net dispensers, hampers and lockers
- Custom designs available

PASS-THROUGHS

ASEPTIC TRANSFER OF MATERIALS OR LIQUIDS

- Available in plastic, stainless steel or epoxy painted steel
- HEPA/ULPA filtration and interlocking options

SEATING

CLEANROOM AND LABORATORY SEATING

- Chairs, stools and perches that adapt to your postures
- Long lasting hygienic designs with full adjustability
- ISO Class 1 to Class 7 rated seating

SPS CleanTech is different from other companies. Different in how we treat our customers, how we work with our partners and team members and very different in the results we achieve. These differences are best captured in the 31 Fundamentals that are the foundation of our culture.

We call it...

THE SPS WAY

ASSUME POSITIVE INTENT PAY ATTENTION TO THE DETAILS!
