

PurMop® MEP20

Stainless Steel Mop Frame | Fixed | For ICT System

ISO	3	4	5	6	7	8
GMP		A/B		C	D	

Product description

PurMop® MEP20 is a stainless steel mop frame which is mainly used for cleaning of isolators and workbenches in combination with our stainless steel mop handles for ICT systems. The PurMop® quick-change system allows a tool-free exchange of the handle. The PurMop® MEP20 is suitable for our disposable mop pad of the EC20 series (refer to separate datasheet). The sterile EC20-S mop pad is made from 100% polyester knit and is ideal for the effective disinfection of critical surfaces. It is also optionally available presaturated with Isopropanol 70 % / Water 30 %.

- _ Polished stainless steel, durable design
- _ Quick-change clip system
- _ Optimal for cleaning of workbenches and isolators
- _ Autoclavable, suitable for sterile cleanrooms

Product specifications

Item name | Item number: PurMop® MEP20 | 2151006

Application / Usage: Recommended for interior cleaning of workbenches, isolators and hard-to-reach areas.

Size (l/w/h) : 19.0 x 5.0 x 12.5 cm

Weight: 210 g

Material | Color: Stainless steel 1.4301 / AISI 304, POM plastic - white

Chemical compatibility: Can be used in combination with common cleanroom biocides, detergents and alcohols.

Autoclave compatibility: Autoclavable under 121° C - 20 min. or 134° C - 5 min. No guarantee is given for deviating autoclaving parameters.

Packing: 1 piece / bag, 5 pieces / carton (case)

Carton size (l/w/h) | Carton weight: 30 x 15 x 30 cm | 1.5 kg

Customs tariff number | Country of Origin: 96039099 | Federal Republic of Germany

Compatible handles: PurMop® SET2040 | 2131017

PurMop® SEP50 | 2131013

PurMop® SAT2040 | 2131029

PurMop® SAP50 | 2131034
